Name

All of us at INCA want to thank you for your excellent work at the 2nd Annual Tribal District and Conservation Advisory Councils conference in Las Vegas. Without you and OTCAC stepping up to the plate and shouldering all the jobs that needed done, the conference would never have been a success.

I did not hear one complaint. Everyone was super pleased with your friendliness, efficiency, professionalism and willingness to go the extra mile to make sure everything and everyone was well taken care of. You should be very proud of what you accomplished.

Maybe some day INCA will be strong enough to do what you did but until then we can't have a national conference without your kind of help.

In attending the sessions time and time again a person would say, "I never heard of that program before." A lot of good information was exchanged that will help the tribes back home.

Mother Earth will be better because of this conference and she is proud you chose to help.

Thank You again,

Dick Gooby, Executive Director, INCA
